Teen arrested for bomb threat

A 17-year-old Belle Glade juvenile faces charges of false reporting of a bomb after an incident Feb. 13 at Christian Day School.

At approximately 11 a.m. last Thursday, school officials received a call that a bomb would go off in five minutes. The school was evacuated and the police and Fire Department responded to conduct a search. According to Belle Glade Det. Sgt. Curtis Stambaugh, the telephone number of the caller was traced by Southern Bell to a local telephone number in Belle Glade. The youth was booked and turned over to his parents.

Jampac coming to Dolly Hand Center

Jampac, a nationally recognized dance company, will be performing at the Dolly Hand Cultural Arts Center on March 3 at 8 p.m.

The Jampac dancers have won over 100 awards for dance competitions in the U.S.A. and were selected to represent the U. S. at the Soviet Union Summer Performing Arts Festival. Tickets are going fast, according to Center Director Monika Potter, so call the center at 992-6160 for ticket information.

SFWM Board member to speak

South Florida Water Management District board member James Nall will outline problems with the Everglades SWIM Plan settlement in Belle Glade on Friday, Feb. 28.

The suit was settled Monday by a judge. It will cost Everglades farmers millions of dollars over the next decade to comply with the agreement.

"The Everglades SWIM Plan does not solve high priority problems for protection of the Everglades, and it places undue burden on urban and rural taxpayers," said Nall in a presentation he made recently called "Nobody Speaks for the Taxpayer." Nall opposed the settlement plan as the sole dissenter in a 6:1 vote last July 26. Since then, he has been explaining four problem areas leading to his opposition as well as offering an alternative restoration plan.

Nall's presentation will take place at 10:30 a.m. at Belle Glade City Hall.

Glades students art to be shown

Planned Parenthood of the Palm Beach Area invites the Glades community to attend the "Family Images" Art Competition exhibit and awards reception at Southeast Bank, 41 SW Avenue B, Belle Glade on March 14 at 4 p.m.

The artwork submitted by 35 students grades K-12 will be on display through March 20.

Lake Okeechobee Clean up day set

By Brenda Bunting
Editor

Six thousand pounds of trash. That's a lot of garbage and volunteers around the lake will be giving up their Saturday morning to collect it.

The sixth annual Lake Okeechobee Activities Day will begin at 8 a.m. Saturday at various locations around the lake. Sponsored annually by the U.S. Army Corps of Engineers, the event draws hundreds of participants representing many local civic groups, schools, organizations, business and individuals.

In Belle Glade, the event is being headed up by Connie Tucker, Public Relations Director for the Florida Sugar Cane League. In Pahokee, Carlene Walker, a city commissioner will spearhead the cleanup.

"Special events are planned locally and similar events across the nation will be held to encourage Americans to become personally involved in the protection and wise use of their public lands and natural and cultural resources," said Eric Jeffcoat, Resource Manager with the Corps.

This year, in addition to cleaning up the levee around the lake, the group will plant more than 3,000 trees, erect bird feeders and osprey nesting structures.

Steve Sullivan, with the Corp, said with their ongoing Melaleuca control project, they will be using various methods to kill the tree and plant native trees in its place near Moore Haven.

Holy Way leader arrested for sexual acts with a child

By Brenda Bunting
Editor

Clarence E. "Brother Bill" Williams, religious sect leader of the Holy Way in Pahokee, has been arrested and charged with sexual acts with a child, a first degree felony, according to Det. John Carney with the Palm Beach County Sheriff's Department.

Williams, age 68, of 989 East Main Street, Pahokee, was arrested Feb. 14 by Sheriff's officials. He was released on a bond of \$5,000.

Williams was due to be paroled in April of this year on charges of lewd and lascivious acts on a child and sexual performance by a child for incidents which took place in the mid-1980's, according to Jerry Arline with the Probation and Parole office in Belle Glade.

Det. Carney said he doesn't expect any other arrests in this case, which he began investigating in July of 1991.

Williams troubles began in 1984 when he was investigated for sexual misconduct with members of his alleged church.

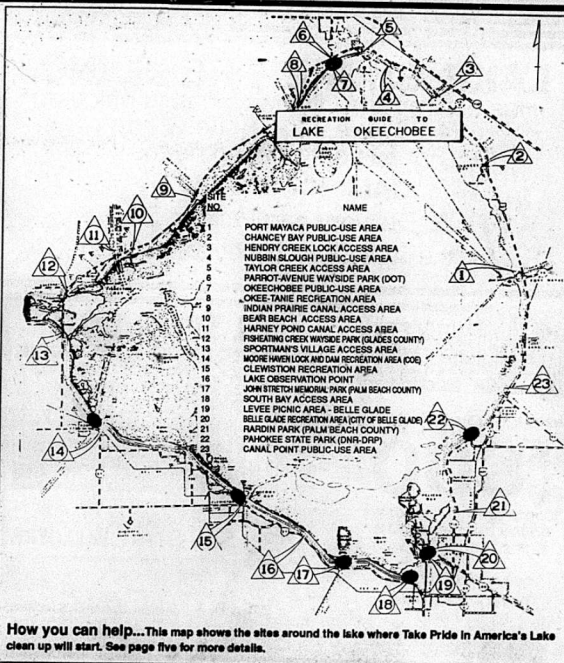

He claims he is a prophet of God and his group was the only way to not be doomed. The members worked for several businesses owned by Williams.

The women were not allowed to go anywhere without someone with them. The group shuns television, magazines and celebrates no holidays.

The state alleged in 1986 that Williams conducted a "cleansing ceremony" with 10 women and five of their daughters in his home between September and December of 1984. He encouraged the girls to discuss their sexual problems, undress and fondle each other.

At that time there were approximately 65 members in the cult.

Three former PRIDE officers charged with fraud

By Brenda Bunting
Editor

Three former PRIDE supervisors and one citizen were charged last week with grand theft, organized fraud and misuse of corporate funds by a grand jury in Orlando.

The amount of the fraudulent activity was approximately \$230,000, according to PRIDE Prison Rehabilitative Industries and Diversified Enterprises Inc. officials.

The indictment says that between 1986 and 1991, group manager Walker and supervisors Hunter and Tucker established several shell companies with the assistance of Tucker's wife, Mary. The group then provided services and/or products to PRIDE via the shell companies at inflated prices.

Charged were Byron R. Walker, age 56 of 242 N.W. 3rd

Avenue, South Bay, a former PRIDE group manager for Glades, Desoto and Hendry Counties; Joyce A. Hunter, age 47 of Arcadia, former manager of the Desoto Cattle and ornamental nursery for PRIDE and Galmston "Zack" Tucker, age 63 of Ft. Ogden, former supervisor of the Hendry Citrus Nursery for PRIDE.

Also charged was Mary Tucker, wife of Zack Tucker. Bond amounts were set at \$105,000 for each.

The three PRIDE employees were fired from their jobs in May of 1991 after a 10-month investigation.

PRIDE is a non-profit corporation that operates 55 prison industries in Florida. The program was started in 1981 under Jack Eckerd, former drugstore tycoon. PRIDE President Pam Davis said an ex-employee brought

the allegations of misconduct against his former bosses in the South Florida office.

She then briefed Governor Lawton Chiles and he called for the follow-up investigation by the Florida Department of Law Enforcement (FDLE).

"It is extremely important that we send a clear message that we will not tolerate such flagrant violations of corporate policy and will move swiftly and decisively to prosecute to the full extent of the law if that is warranted," Davis said.

Davis said she believed the fraud was an isolated incident and as part of the corporations' reorganization under PRIDE's new five-year strategic plan, stringent internal control points have been implemented to ensure that this type of incident does not occur in the future.

Pahokee Housing Authority Director Randy Mills...has been placed on administrative leave with pay until the authority can appeal a ruling made by HUD.

Mills placed on leave

By Bill Phillips
Staff reporter

The Pahokee Housing Authority board placed Randy Mills on administrative leave with pay Tuesday night on the advice of their attorney, Jake Rose.

They named Julia Hale as interim executive director once again during the latest crisis at the authority.

Mr. Mills, who had taken loans from his employer for treatment of cocaine addiction, said he received a Letter of Denial to Participate (LDP) in any HUD sponsored programs with the authority.

This will create a hardship on the authority to get out necessary reports vital to the housing authority's federal funding. Chairperson Esther Boyd asked Attorney Jake Rose to contact HUD and ask for a temporary stay. A motion was made and carried unanimously by the board to use Mr. Rose's services in the matter of the LDP.

Mr. Rose recommended that the board seek dissolution of the LDP which cited only two reasons Mills could not work on HUD programs. The first was that he had not paid back loans

from his employer totalling over \$22,000. At a board meeting held in March of 1990, the local housing board unanimously forgave the debt and agreed not to pursue collection. The choice to forgive the debt was signed by then Executive Director Belinda Thompson as resolution 29.6. Apparently there was never forgiveness of the debt by the HUD main office.

The second reason cited by HUD was that Mills had agreed never to seek employment with the housing authority as executive director.

According to Mr. Mills, he was contacted by the board and was recruited by the board for the position which would not be the same thing as seeking the job for himself. All of the commissioners agreed that they made a well informed decision and that Mr. Mills was the only person qualified with the expertise to straighten out the authority when he was hired.

Authority Attorney Jake Rose said he would ask HUD to let Mr. Mills to continue working while the authority appeals the LDP.

If that fails, Mr. Rose said he would ask HUD to see Mills, ask page 2

WHIPLASH

Whiplash injuries can result from a sudden backward and forward whipping movement of the neck, caused by an auto collision, a fall, a powerful slap on the back, or even a violent sneeze. The ligaments and muscles controlling the spinal segments are stretched or sprained, allowing the vertebrae to slip into abnormal positions. Nerves are then "pinched" or irritated, giving rise to headaches, nausea, dizziness and other pain.

Singing for the seniors

"I Feel So Happy in My Heart...was the song the students from Mrs. Edna Stephen's class from Glade View Elementary sang for senior citizens last week. Senior Citizen Center adults are treated once a month by the students, who bring cards, gifts and food for the group which averages almost 100 a day. The students do the project as part of the "Adopt a Grandparent" program. Mrs. Stephen's said the students look forward to getting together with the seniors once a month to visit.

Cane cutters to get improved health insurance

United States Sugar Corporation has reached an agreement with the Jamaican government which offers all of its foreign cane cutters and support workers the choice of receiving and improved health insurance plan.

Each worker received a booklet recently describing benefits and claims procedures under the health insurance plan offered by U.

S. Life Insurance Company. For a cost of approximately \$20 per month, workers can receive 100 percent coverage for non-work related illness after payment of the initial doctor's visit.

Under the policy, premiums received by U.S. Life must be used solely for worker's insurance benefits and reasonable administrative expenses. Work-related injuries already are covered by workers' compensation insurance at no cost to the worker.

U. S. Sugar negotiated the new insurance to replace the self-insurance provided by West Indies Central Labour Organization (WICLO). The prior insurance program had been criticized because of questions concerning coverage limitations and lack of disclosure to participants.

"We believe that the insurance plan offered today by U.S. Life addresses each and every concern that has been raised regarding our workers' insurance," said U.S. Sugar President J. Nelson Fairbanks.

Workers also received a clarification letter from the Jamaican government explaining that participation in the insurance plan and a government sponsored savings plan were completely voluntary decisions of the workers. In recent meetings with workers, WICLO explained and distributed the clarification letter to the workers. The letter states that each worker's decision will have no effect on the individual's current or future participation in the guest worker program.

Workers had previously authorized the deductions at the beginning of the harvest season, but after receiving the clarification letter, U.S. Sugar gave each worker another opportunity to reauthorize or decline his participation in the health care and savings programs.

The participation decisions by the worker may be changed at any time.

The administration and voluntary nature of the insurance and savings programs had been the focus of a congressional staff report and a recent investigation by the U.S. General Accounting office.

Fairbanks said "When we heard that concerns were raised regarding the health insurance and savings plans, we negotiated an agreement with the Jamaican government to fix them. We are very pleased this agreement has not been fully implemented for the workers."

In a separate action, the company also announced that together with WICLO, the company will now apply the full cost of tuition and transportation for night education classes for foreign cane cutters.

According to WICLO, over the last 15 years, more than 6,000 foreign cane cutters have participated in this program, which offers basic literacy courses leading to the G.E.D. high school equivalency degree, and trade classes. In prior years the workers received free transportation and partial subsidization of tuition payments.

to let Mr. Mills to continue working while the authority appeals the LDP.

If that fails, Mr. Rose said he would ask HUD officials if Mills could serve as a volunteer at the authority while staffers try to complete several important reports due the first part of March.

Mr. Mills contends that he stuck to his agreement with HUD not to seek employment with them. "They sent two representatives from Pahokee to my house and asked me to come back," he said.

What this could mean to the tenants of the Pahokee Housing Authority is longer

waits on much needed repairs, and inexperienced leadership in getting necessary funding to effect repairs according to board members.

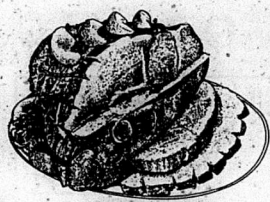

Chairman Esther Boyd said, "This will have the worst effect on the people that we are committed to help, the tenants."

Water rates are unfair

I'm calling about the condition of the City of Belle Glade's water. I recently moved into a trailer park two days before the water bill came out. After the water bill came out I received a \$40 water bill. No water used at all.

We're going to have to set up a meeting with the Belle Glade Water Department and the citizens who use the water or the county commission or somebody on the city commission like South Bay did.

Belle Glade's water rates are a rip off. The city is just ripping people off for water and we want everybody to know.

I had been told about it before I moved here but I have learned now that it's true.

I want everybody to get together and set up a date where we can get together to meet with commissioners and get this system straightened out.

Children don't belong in her neighborhood

Many of us in our Southeast neighborhood are sick and tired of some boys, 10 to 12 or so, riding their bikes up and down, up and down our street tormenting our dogs and jeering at neighborhood kids and adults.

This frequently happens from 3 to 5 p.m. on various school days.

Boys will be boys but these are either going to be hit by a vehicle, (not the driver's fault), or be embarrassed, shall we say, by the Crimewatch neighborhood.

Any parents out there listening, these youths have no business on our street and disturbing our peace.

In the world scheme of things, their infraction is minor, but systematic of some of the disrespect and ills of our world.

Keep off our street and away from us.

Pet peeve is rude clerks

I guess everybody has pet peeves but mine in particular is rude people or rude sales clerks.

I went to a store today to return some things that were just not satisfactory. It wasn't that I didn't like them or anything, just that they weren't satisfactory.

I was greeted by a sales person who told me there was absolutely nothing they could do about it as rudely as she could possibly tell me. I got kinda upset but not upset enough to say anything back. She in turn called her manager out who repeated the same thing that she had said, speaking to me in a very condescending tone that I did not like.

I don't care if you spend three dollars or three million dollars, I think a person's responsibility as a sales person or an office worker or whatever is to deal with the public and be courteous and polite.

They were so rude in fact that if I could give their names, I really would and I'd stand on their sidewalk and tell the whole town that they are rude and not to shop in there.

So, I guess my biggest thing today is please, tell the sales clerks that when people come in their business to spend their money, be as polite as possible.

That's the only right thing to do.

Setting the record straight

Good evening. This is Maria Alice Folden again.

About that motorcycle business again. Mrs. Virginia Anderson just called me and told me there was a gentleman who was a motorcycle policeman before Officer Gerome Folden.

She told me that in 1948, (that was way before we moved here. We didn't move here till 1957), that there was another police motorcycle policeman.

And I stand corrected. That gentleman was the first motorcycle policeman.

I'm very sorry I made the mistake and I do want to correct it.

Thank you very much for listening.

Editor's note: Mrs. Anderson also called The Sun and said Lester Rhudy was the first motorcycle policeman in the City of Belle Glade in the fall of 1948. She said he went by the nickname of "Dick Tracy". She also noted that Hilton Bonard, who now lives in Ft. Myers was the second. We also received another Speak Out from a lady who said Officer Folden was not the first Motorcycle Police Officer.

Editor's note: I would like to remind our callers that Speak Out is not designed to wage a campaign against any individual. If you have a problem with an individual's actions, you must speak with them directly.

Governor responds to Chamber's letter

Editor's note: A few weeks ago Belle Glade's Chamber of Commerce President Mary Orsenigo wrote Florida's Governor Lawton Chiles. She expressed her concern over the clean up of the Everglades and noted that proposed plans would devastate the farming communities in the Glades.

She also told the Governor she was concerned the data used to draw up the proposed clean up of phosphorus was not based on sound scientific facts.

Here is the governor's reply, reprinted with Mrs. Orsenigo's permission.

While I am aware that there are differing opinions on how to best clean up the Everglades, the selected approach certainly had substantial scientific involvement. This is not to say that the plan cannot be improved upon in the future if better scientific information becomes available.

Please be assured that it is not my intention to cause unnecessary problems for the agricultural industry in the Everglades Agricultural Area. I am fully aware of the importance of this industry to the local and State economies.

I appreciate your interest in this matter of our mutual concern.

With kind regards, I am

Sincerely,
Lawton Chiles

You are urged to write to your elected officials about the Everglades Clean up plan. Remind them that the plan requires farm runoff to be "two times purer than rainfall" and that there are over 30,000 people in the Glades who will be directly affected by this plan.

La Ley Del Eco

De que el conteo regresivo del Comandante en jefe sigue su descenso, ello es evidente, excepto para los que padecen ceguera patologica o voluntaria. La pregunta de que cuando se detendra el reloj, cae dentro de lo imponderable.

Pudiera ser asesinado por uno de los suyos, ajusticiado por el pueblo, morirse de cancer. Pudiera provocar un holocausto. Buscar soluciones negociadas, es sumamente improbable; no porque el patie y grite que no le interesa, sino porque en ello le iria su propia cabeza. Quien puede esperar que, el mismo tirano que ha sido azote de su pueblo, asesino implacable de sus propios companeros, traidor a todos los compromisos; quien puede esperar que ese desalmado que necesita de docenas de guardias y de cientos de guarda-espaldas, y sobre todo que tiene necesidad de saciar su inextinguible sed de sangre, pueda sentarse a negociar? Puede acaso negociarse tanta infamia?

Que puede esperarse de un genio malefico que ha tomado los aires de un semi-dios que domina los acontecimientos, los hombres y las cosas; tirano, sin otro que lo igual; corazon helado, espiritu calculador que se deleita haciendo el mal y maneja el despotismo con inteligencia sagaz y maquiavelica?

No puede negarse a Castro el epetito de grande. Si; grande y muy grande es, para verguenza de sus congeneres de adentro y de afuera. Seres depravados unidos a su carro, para arrastrarlo por encima de sus miles de cadaveres. Degradados y sin escrupulos como ese presidente de Mejico Jose Lopez Portillo que se bababa en su presencia llamandole "mi Comandante". O ese otro, Carlos Andres Perez, desmemoriado y rapaz que se ha ganado el desprecio de los cubanos libres; o el bellaco Presidente de Espana Felipeillo Gonzalez, que hace alarde de emborracharse con el, bebiendo de su misma copa ensangrentada.

La postura de los gobernantes de Estados Unidos ha sido ambivalente. Se comprometieron a ayudarnos y nos dejaron en la estacada, con una estela de cadaveres en el campo de batalla y las carceles llenas de hombres de primera, que confiaron en el pundonor de hombres de tercera. Y lo peor, consolidaron en las entrañas del Caribe, el comunismo cubano-sovietico.

Millones de nosotros hemos recibido generosa ayuda y muchos la siguen recibiendo. Pero nosotros no somos mas que un cuagulo del corazon sangrante de la patria inmolada.

Que contraste con esas almas generosas que en 33 años de lid sangrienta no han claudicado. Los de adentro, resistiendo con estoicismo los cardenales y las llagas que ha dejado el yugo sobre sus cuellos. Y los del exilio, manteniendo viva la llama de la dignidad y la esperanza del regreso.

Castro se juro todas las cartas y ha perdido. Esta tratando desesperadamente de sobrevivir, asido a las ratas que todavia quedan. Pero las ratas no comen ratas.

Victima de si mismo, lo esta arrastrando, implacable, la Ley Del Eco.

Clean up

from page 1

from the U.S. Army Corps of Engineers, Jacksonville District Office will be making the five hour trip from the Jacksonville area to participate in the day's events," said Sullivan.

To participate in the Take Pride in America Lake Okeechobee Activities Day

What to expect

- A variety of activities are planned for this year's activities day. Events include bird feeder construction, tree planting, osprey nesting platform construction, and litter clean up.
- Team leaders will be located at each of the locations. Check in with them when you arrive.
- Be prepared to work for about three (3) hours with your friends and neighbors around

Lake Okeechobee.
• Be prepared for weather conditions.

Watch Out!

- Because this is warm sunny Florida, be aware that there are poisonous snakes in the area.
- Many types of insects are around to help take your mind off the manual labor of the day. Plan ahead.
- Some danger also exists in attempting to remove heavy or sharp objects during the clean up process. Be careful.

Be Prepared

- If you have access to gloves, please wear them.
- Please wear long pants and shoes during the cleanup program. A change of clothing is recommended for the lunch time festivities later.
- If you have access to a truck that can transport bags of trash to the local landfill, please notify the Corps office, and/or bring the vehicle on clean up day.
- Bring along plenty of insect repellent.
- Team leaders are supplied

THE SUN - Thursday, February 27, 1992 - 5

with a first aid kit and water cooler.

Lunch Time Events

- After cleanup activities everyone should meet back at the original location unless instructed otherwise prior to or during the event.
- At John Stretch Park, 10 miles east of Clewiston, on Hwy 27, a picnic celebration will be furnished by McDonald's and sponsored by the Florida Sugar Cane League, Angler's Marina and WAFAC AM/FM Radio.
- Organized games will be held during the picnic at John Stretch Park. The more participants the better the games.
- Awards will be given for participation in the cleanup event and other local programs within the Take Pride in America Program.

Location of Events - Attached Map

The map on this page show locations where participants will meet prior to cleanup activities. As per the attached numbers system:

- 7 - Okeechobee Public - Access Area
- 14 - Moore haven Lock and Dam Recreation Area
- 15 - Clewiston Boat Ramp
- 18 - South Bay Access Area
- 20 - Belle Glade Recreation Area
- 22 - Pahokee City Park
- 17 - John Stretch Memorial Park is not an initial meeting area for the cleanup activities, but will serve as host location for the lunch and awards ceremonies afterwards.

For more information, contact Park Ranger Sue Layden at 813-983-3335.

Holy Way

from page 1

Also indicted in 1986 were Williams' wife, Betty Faye Williams, Alice Sue Blinco and Carolyn Sue Burcher. They were charged with inducing the sexual performance of children, lewd and lascivious or indecent assault or acts upon or in the presence of a child and conspiracy to commit a lewd act.

The three participated in the group "cleansing ceremony" at William's house, according to the authorities.

After Williams was indicted in 1986, the terms of his probation were that he was to have no contact with children.

Many residents in Pahokee were so outraged by William's conduct and the Holy Way that they boycotted his business' Williams Arms, the Western Union Office and Glades Lawn Service and Spreader Service.

They set up a Find Freedom Fund to help those who wanted to come out of the Holy Way, which they claimed brainwashed its members.

Obituaries

Harry M. Levins

Harry Marvin "Pop" Levins, 84, Pioneer Glades resident and

retired Chief of the Pahokee Fire Department, died Wednesday morning February 19, at Palms, West Hospital.

Loxahatchee, following a short illness. A native of Mulberry, he was born on June 20, 1907, son of the late Luther and Esther Davis Levins. At the age of 9, in 1916, he and his family moved from Mulberry to their home on the then developing East bank of Lake Okechobee. "Pop" saw many changes in the area, including the incorporation, in 1922, of the city of Pahokee.

For many years he was engaged in farming in the growing Glades Agricultural Region. On December 1, 1941, he became Chief of the Pahokee Fire Department, and served in that position for thirty-five years, until his retirement on March 20, 1976.

He was recognized by the Pahokee of Commerce with their prestigious "Citizen of the Year" award for 1975. He was a member of The Holy Way.

Surviving are: his wife - the former Ann Curry, to whom he was married on May 20, 1933; son and daughter-in-law; Harry and Virginia Levins of Cumming, Georgia; son - Glenn Levins of Pahokee; daughter and son-in-law - Shirley and Wayne Jarriel of Pahokee; brother - L.Y. Levins of Canal Point; grandchildren - Michael Levins of Tallahassee, Jamey Levins of Pahokee, and Stewart and Lisa Levins of Pahokee; great-grandchildren - Scott Levins, Bruce Levins, and Paul Levins, all of Pahokee.

The funeral service was conducted Friday afternoon, February 21 at the Good Shepherd Church of God. The Rev. Paul Strickland, the Rev. Jean Ingram, and the Rev. C.E. Williams officiated. Interment was in Port Mayaca Memorial Park.

Serving as active pallbearers were: Larry Hatfield, Gene Lassiter, Paul May, Jim Miller,

George Rashley, and Frank Tillis. An honorary escort was composed of members of the Pahokee Fire Department.

The James A. Bennett Funeral Home, 179 Cypress Avenue, Pahokee, had charge of arrangements.

Priscilla D. Wright

The late Priscilla Denise Wright was born on November 5, 1968 to Lawrence Earl Wright, Sr. and Lucretia Howard Wright in Quincy. She died February 12 at Everglades Memorial Hospital in Pahokee.

WHITE TEETH ANYONE?

Have you ever had your teeth cleaned really well and, yet, they still just don't have that brighter, whiter look you desire? Well you may be a candidate for vital BLEACHING.

BLEACHING IS HERE FOR VITAL

TEETH. The pre-treatment condition of your teeth can certainly help predict your result. Here are some points: no anesthesia is needed; no sitting in the dentist office for repeated visits; you gradually whiten your teeth as you sleep; this process is most effective for yellow, orange or slightly brown discoloration; it treats all your teeth, not just the front ones.

Call us for a consultation to have us help you determine the possibilities of whitening your SMILE.

Belle Glade Elementary receives new system

Thanks to the students, staff, and parents of Wellington Elementary School (WES), Belle Glade Elementary School (BGE) is three computers richer. BGE is the recipient of a new Apple II G.S., monitor, printer, and two IBM Jr's.

An array of educational software accompanies each type of computer. PTA President, Mrs. Robin Hanson

and Assistant Principal Lou Amburn presented the package to Dr. Lynn McGee, Principal of BGE. The items were purchased through a combination of fundraising efforts which included the Publix Tapes program.

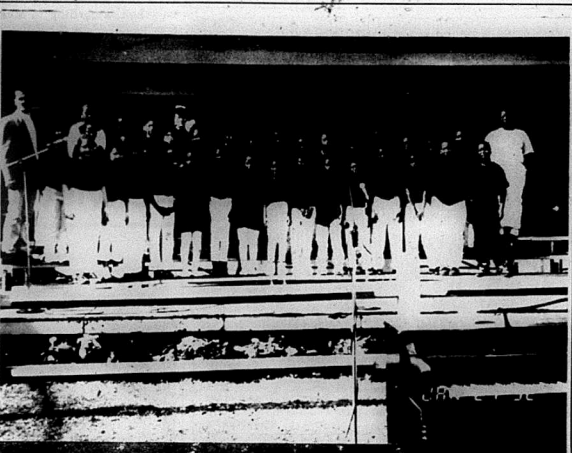

The students and staff at BGE are a little closer to the 21st century because of this generous gift.

Lions 5K scheduled

The 1992 Hendry County Fair/Lions Journey for Sight 5 K is scheduled for March 21, at 8 a.m. The race starts and ends near the southeast corner of the Fairgrounds on South Francisco Street in Clewiston. There will also be a one-mile fun run.

The entry fee is \$9 prior to race day; \$12 on race day (the fun run is free of charge).

The entry for runners from the 1991-92 Clewiston High School teams is half price. Contact Cecelia Espinoza at 983-6531 or pick up an entry form at the Public Library.

New bass regulations proposed

The Florida Game and Fresh Water Fish Commission has modified its proposed regulation on the largemouth bass daily bag limit from four to five fish.

Last July, the Commission proposed a statewide four-fish daily bag limit in place of the current limit of 10 bass to help prevent over harvest of bass.

According to Commission fisheries biologist Scott Hardin, "We upped the daily bag limit from four to five fish after receiving feedback from the public that the limit of four fish was too restrictive."

Overall reaction to the proposal favored a reduced bag limit but most felt the four-fish limit was too low, Hardin said.

Fifty-five percent of the respondents did not support a four-fish daily bag limit. The Commission received 239 responses, some with multiple signatures. However, most anglers who disagreed with the four-bass limit suggested a five-bass bag limit as an alternative.

"The majority of anglers feel the current 10-fish limit is too high," Hardin said. "Our proposal was designed to reduce bass harvest thus affording anglers a better chance to catch more and bigger bass. A five-fish limit likely would provide similar opportunities, be more in tune with public opinion, and not sacrifice the quality of the resource."

The proposal also includes a 14-inch minimum size limit for waters south and east of the Suwannee River and a 12-inch minimum size limit for the Suwannee River and all waters north and west. In addition, only one of the five bass could be 22 inches or longer.

The five-member Commission will consider adopting the proposed bass regulations at its Feb. 28 meeting. If the proposal is passed it would go into effect July 1.

Super-Spellers.....Winners of the 1991-92 Belle Glade Spelling Bee are Diana BeCraff, Simeon Inniss, and Marl Lou Scott. Diana and Simeon will represent BGE at the county spelling bee next month.

West Tech hosts multi-cultural luncheon

By Bill Phillips
Staff reporter

West Technical Educational Center hosted a multi-cultural luncheon last Friday. Guest speaker for the event was Cartheda Konchella.

Students listened spellbound as Mrs. Konchella told them about Lawrence Schuler, a wealthy black man who built the first affordable housing for poor people in the community of Belle Glade after the 1928 hurricane.

"You have a lot to be proud of coming from this town and pride in many who came before you," said Mrs. Konchella.

Mr. Schuler financed the building of the bridge that joined Main Street with the Northeast section of Belle Glade. \$10,000 doesn't seem like a lot of money today, but it was then, according to Mrs. Konchella.

"He was responsible for bringing Mr. G.L. Royal into the Belle Glade area and helped him in opening a grocery and clothing store so people would have a place to buy food and clothing," she continued.

"Take pride in W.C. Taylor. Mr. Taylor founded Progressive Citizens which is still in existence today. Mr. Taylor was my father," she said.

There are all kinds of people who made a difference in the Glades and in the county, and even in the United States.

"The Sara Lee Doll, the first lifelike black doll ever produced was made in Belle Glade in 1951. They were sold in the Sears and Roebuck Catalog. Time Magazine, The New York Times, and Life Magazine

printed articles about the doll, but it was never mentioned in our local paper. Perhaps, we need our own paper," she said.

Look to people like Harvey Poole who was the first black radio announcer in Western Palm Beach County. He was referred to as the "Ebony Voice." He was a pioneer radio announcer.

Dr. Katherine Lowe, who grew up in Ocoola Center, is Palm Beach County's first black Ophthalmologist. She was raised in Belle Glade.

Dr. Gerald Burke from Belle Tech, was the first Afro-American to receive a doctorate

in mathematics. He, too, grew up in Ocoola Center.

Zora Neil Hurston wrote a novel about Belle Glade. She was a black novelist. "Take time to find out about her and others from your community," said Konchella.

"At the present time we are trying to acquire the home she lived in for a museum. Right now our museum displays are located at Pat's Restaurant on 4th Street. Go by Pat's and check them out."

"Black is not negative, despite some words in the English language," said Mrs. Konchella. She used many examples that were, such as blackmail, blackballed, black clouds and so on to show usage in the English American Language to infer that it was.

"You have a lot to be proud about. Turn off your televisions and read about someone besides Dr. Martin Luther King. You have many heroes," she concluded.

The luncheon, hosted by West Tech, was held in honor of Black History Month.

Bank of Belle Glade is safest

Bank of Belle Glade has been rated as one of the 10 safest banks in the State of Florida, with assets over \$5 million, according to Weiss Research, Inc.

The data for the ranking came out of the Board of Governors of the Federal Reserve System in Washington, D.C.

The rating is based upon a three part rating system; depositor protection, determining the level of potential risk at a particular institution, an all-weather rating which is based on a bank having sufficient resources to weather bad times, including inflation, deflation, high interest rates or an average or severe recession.

The rating system requires large banks to follow the same rules as smaller banks.

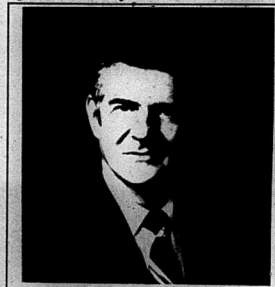

It is based on the philosophy that each institution must be evaluated on its own merits, independent of possible outside support from the government or from other private institutions.

Bank of Belle Glade got an overall A-rating, which is considered excellent.

"This bank has followed an ultra-conservative policy and has "excellent" scores on all or nearly all of our indicators," according to the study.

"It has a good or strong equity base, high

liquidity and top-notch asset quality. In addition, the bank has sufficient size to warrant your confidence as a depositor. Even in a severe recession, this bank should remain healthy," the report went on to say.

Bank President Wayne Mikell

Unofficial Firefighter...Four-year-old Michelle Brown got a badge and a certificate from Shawn Shunk, Belle Glade Firefighter and EMT on Monday. Michelle's PEPPY Head Start class toured the fire department and learned about how to prevent fires.
